The Honorable Stephen H. Shaw
Morris County Board of County Commissioners
Morris County Administration & Records Building
P.O. Box 900
Morristown, New Jersey 07963-0900

Dear Mr. Shaw:

I am pleased to inform you that the New Jersey Department of Environmental Protection has approved the Solid Waste Management Plan Amendment ("Amendment") adopted by the Morris County Board of County Commissioners on January 13, 2021. The certification is enclosed.

The approved Amendment proposes Solid Waste Management Plan inclusion of:

- The contract by and between the Morris County Municipal Utilities Authority ("MCMUA") and Solid Waste Services, Inc., d/b/a J.P. Mascaro & Sons, for the operation of the two MCMUA Transfer Stations/Material Recovery Facilities ("TS/MRFs") and the transportation and disposal of all solid waste received at the two MCMUA TS/MRFs, for a period of five years beginning on August 5, 2020, based on an open and non-discriminatory procurement; and,
- Three out-of-state landfills as the ultimate disposal facilities for the residual solid waste received at the two MCMUA TS/MRFs; and,
- The direction (waste flow) of all solid waste generated within Morris County to the MCMUA TS/MRF in the Township of Parsippany-Troy Hills or the MCMUA TS/MRF in the Township of Mount Olive for the term of the above noted Contract.

We recognize and appreciate the leadership and commitment that the Morris County Board of County Commissioners demonstrated in working collaboratively with the Morris County Municipal Utilities Authority, the Morris County Solid Waste Advisory Council, elected officials, and residents to formulate the Amendment.

Sincerely,

Mark J. Pedersen
Assistant Commissioner

CERTIFICATION OF THE JANUARY 13, 2021 AMENDMENT TO THE MORRIS COUNTY DISTRICT SOLID WASTE MANAGEMENT PLAN

BY ORDER OF THE DEPARTMENT:

A. Introduction

The New Jersey Solid Waste Management Act (“Act”) (N.J.S.A. 13:1E-1 et seq.) established a comprehensive system for the management of solid waste in New Jersey. The Act designated all twenty-one (21) of the State’s counties, and the Hackensack Meadowlands District, as Solid Waste Management Districts, and mandated that the Boards of County Commissioners and the Hackensack Meadowlands Development Commission (previously known as the New Jersey Meadowlands Commission, and now known as New Jersey Sports & Exposition Authority or NJSEA) develop comprehensive plans for waste management in their respective districts. On January 29, 1981, the Department of Environmental Protection (Department or DEP) approved, with modifications, the Morris County District Solid Waste Management Plan (County Plan).

The Act further provides that a District may review its County Plan at any time and, if found inadequate, a new County Plan must be adopted. The Morris County Board of County Commissioners completed such a review and on January 13, 2021 adopted an amendment to its approved County Plan.

The January 13, 2021 Amendment (Amendment) proposes County Plan inclusion of:

- The contract by and between the Morris County Municipal Utilities Authority (“MCMUA”) and Solid Waste Services, Inc., d/b/a J.P. Mascaro & Sons (“Mascaro”), for the operation of the two MCMUA Transfer Stations/Material Recovery Facilities (“TS/MRFs”) and the transportation and disposal of all solid waste received at the two MCMUA TS/MRFs, for a period of five years beginning on August 5, 2020, based on an open and non-discriminatory procurement; and,
- Three out-of-state landfills as the ultimate disposal facilities for the residual solid waste received at the two MCMUA TS/MRFs:
 - Commonwealth Environmental Systems Landfill, Hegins, PA

- Keystone Landfill, Dunmore, PA
- Pioneer Crossing Landfill, Exeter Township, PA; and,
- The direction (waste flow) of all solid waste generated within Morris County to the MCMUA TS/MRF in the Township of Parsippany-Troy Hills or the MCMUA TS/MRF in the Township of Mount Olive for the term of the above noted Contract.

The Amendment was considered complete for review by the Department on February 26, 2021 and copies were distributed to various administrative review agencies for review and comment, as required by law. The Department has reviewed this Amendment and has determined that the Amendment adopted by the County Commissioners on January 13, 2021 is approved as provided in N.J.S.A. 13:1E-24.

B. Findings and Conclusions with Respect to the Morris County District Solid Waste Management Plan Amendment

Pursuant to N.J.S.A. 13:1E-24a(1), I have studied and reviewed the Amendment to the County Plan according to the objectives, criteria, and standards developed in the Statewide Solid Waste Management Plan and I find and conclude that the Amendment is consistent with the Statewide Solid Waste Management Plan. In this regard, the County Commissioners are notified of the elements of the Amendment which are included below.

Elements of the January 13, 2021 Amendment

Element: Facility Histories

MCMUA – Parsippany-Troy Hills TS/MRF

On April 1, 1987, the Department proposed an amendment to the County Plan to include within it the Morris County Transfer Station, Inc. (“MCTS”) Transfer Station, located on a portion of Block 769, Lot 1 at the corner of Sharkey and Edwards Roads in the Township of Parsippany-Troy Hills. The facility was included in the County Plan with a design capacity of 1,000 tons per day (“tpd”) of solid waste types 10, 13, 23, 25, and 27. The July 28, 1987 certification of this amendment to the County Plan directed the Morris County Board of County Commissioners to adopt an amendment to the County Plan proposing County Plan inclusion of Block 768, Lots 2, 3, and 5 in the Township of Parsippany-Troy Hills for increased site flexibility.

On September 15, 1987, the Morris County Board of County Commissioners approved an amendment to the County Plan which proposed County Plan inclusion of Block 768, Lots 2 and 3 in the Township of Parsippany-Troy Hills as additional property available for use as a part of the MCTS Transfer Station. This amendment was certified as approved by the Department on September 28, 1987.

A County Plan amendment adopted by the Morris County Board of County Commissioners on December 22, 1993 included the proposed purchase of the MCTS Transfer Station in the

Township of Parsippany-Troy Hills by the MCMUA in the County Plan. This amendment was certified as approved by the Department on December 29, 1993.

A request for administrative action dated September 7, 1999 and approved by the Department on September 20, 1999 included Block 768, Lot 2.01 and Block 770, Lots 17, 18, and 19 as part of the MCMUA's Transfer Station in the Township of Parsippany-Troy Hills.

A request for administrative action dated January 3, 2001 and approved by the Department on January 11, 2001 included utilization of weekly averaging at the MCMUA Transfer Station in the Township of Parsippany-Troy Hills in the County Plan.

An amendment adopted by the Morris County Board of County Commissioners on December 21, 2004 proposed County Plan inclusion of a capacity expansion at the MCMUA TS/MRF in the Township of Parsippany-Troy Hills. Specifically, the December 21, 2004 amendment to the County Plan proposed County Plan inclusion of an increase in the capacity of the subject facility to 2,050 tpd of solid waste. This amendment was certified as approved by the Department on May 13, 2005.

On April 11, 2007, the Morris County Board of County Commissioners approved an amendment to its County Plan, which proposed County Plan inclusion of, amongst other things, the MCMUA TS/MRF, located on Block 768, Lots 2.01 and 3, Block 769, Lot 1, and Block 770, Lots 17-19 at 1100 Edwards Road in the Township of Parsippany-Troy Hills. This County Plan amendment included the subject facility in the County Plan to accept up to 2,050 tpd of solid waste types 10, 13, 13C, 23, 25, and 27 from 7:00 am – 4:00 pm, Monday through Friday and 7:30 am – 11:00 am, Saturday.

Lastly, a request for administrative action dated January 28, 2020 and approved by the Department on February 7, 2020 included revised hours of operation for waste acceptance and processing at the MCMUA's TS/MRF located in the Township of Parsippany-Troy Hills.

MCMUA – Mount Olive TS/MRF

On April 1, 1987, the Department proposed an amendment to the County Plan to include within it the MCTS, Inc. Transfer Station, located at the intersection of Goldmine Road and Flanders-Netcong Road on Block 14, Lot 1 in the Township of Mount Olive. The MCTS, Inc. Transfer Station in Mount Olive was included in the County Plan with a design capacity of 510 tpd. This amendment was certified as approved by the Department on July 28, 1987.

A County Plan amendment adopted by the Morris County Board of County Commissioners on December 22, 1993, included the proposed purchase of the MCTS Transfer Station in the Township of Mount Olive by the MCMUA. This amendment was certified as approved by the Department on December 29, 1993.

On June 8, 1994, the Morris County Board of County Commissioners adopted an amendment to the County Plan which proposed inclusion of the clarification of the operating capacity of the MCMUA TS/MRF in the Township of Mount Olive. Specifically, this amendment to the County Plan proposed County Plan inclusion of the maximum operating capacity for the MCMUA TS/MRF in the Township of Mount Olive as 650 tpd of solid waste. This amendment was certified as approved by the Department on October 17, 1994.

A request for administrative action to the County Plan dated January 3, 2001 and approved by the Department on January 11, 2001 proposed County Plan inclusion of the utilization of weekly averaging at the MCMUA TS/MRF in the Township of Mount Olive in the County Plan. As a result, the subject facility was included in the County Plan to receive a maximum daily capacity of 975 tons of solid waste and a weekly capacity not to exceed 3,900 tons of solid waste.

A request for administrative action to the County Plan received on August 11, 2004 and approved by the Department on August 19, 2004 approved County Plan inclusion of a capacity increase of 100 tpd at the MCMUA TS/MRF in the Township of Mount Olive, bringing the average daily capacity to 750 tons and maximum weekly capacity to 4,500 tons.

An amendment to the County Plan adopted by the Morris County Board of County Commissioners on December 21, 2004 included a capacity expansion at the MCMUA TS/MRF in the Township of Mount Olive. Specifically, the December 21, 2004 amendment to the County Plan proposed County Plan inclusion of an increase in the capacity of the subject facility to 1,500 tpd of solid waste. This amendment was certified as approved by the Department on May 13, 2005.

On March 4, 2005, the Department received a letter from the MCMUA clarifying that the previous block and lot designation of the MCMUA TS/MRF in the Township of Mount Olive, Block 14, Lot 1 currently corresponds to Block 4500, Lot 5.

On April 11, 2007, the Morris County Board of County Commissioners adopted an amendment to its County Plan, which proposed County Plan inclusion of, amongst other things, the MCMUA TS/MRF, located on Block 4500, Lot 5 at 168 Gold Mine Road in the Township of Mount Olive. This County Plan amendment included the subject facility in the County Plan to accept up to 1,500 tpd of solid waste types 10, 13, 13C, 23, 25, and 27 from 7:00 am – 4:30 pm, Monday through Friday and 7:00 am – 1:00 pm, Saturday.

Lastly, a request for administrative action dated January 28, 2020 and approved by the Department on February 7, 2020 included revised hours of operation for waste acceptance and processing at the MCMUA's TS/MRF located in the Township of Mount Olive.

Element: County Plan Inclusion of Regulatory Flow Control Over Solid Waste Types 10, 13, 13C, 23, 25, and 27

In response to the May 1, 1997 decision of the United States Court of Appeals for the Third Circuit which declared unconstitutional New Jersey's historic system of solid waste flow control [See Atlantic Coast Demolition and Recycling, Inc. v. Board of Chosen Freeholders of Atlantic County et al., 112 F. 3d 652 (3d Cir. 1997, cert. den., November 10, 1997)], the Morris County Board of County Commissioners have adopted a solid waste disposal strategy of implementing regulatory flow control of solid waste based upon non-discriminatory procurement processes.

On December 9, 1997, the MCMUA submitted a request for administrative action to the County Plan which petitioned the Department to reaffirm the solid waste disposal system in place in the County. That system included the MCMUA's November 7, 1997 contract with MCTS for the operations of the two TS/MRFs and transportation of the resulting solid waste at out-of-state landfill facilities and a January 6, 1993 contract by and between the MCMUA and Waste Management of Pennsylvania, Inc. for use of their out-of-state landfill facilities. The Department approved this request for administrative action on January 9, 1998 after determining that the County sufficiently demonstrated that the procurement processes for the above noted contracts were consistent with the criteria set forth in the Atlantic Coast decision.

On July 24, 2002, the Morris County Board of County Commissioners adopted an amendment to the County Plan, which proposed County Plan inclusion of, amongst other things, the terms and conditions of the Waste Management of New Jersey, Inc. bid dated April 9, 2002, which provided for the operation of the two MCMUA TS/MRFs and transportation and disposal of the residual solid waste to out-of-state disposal facilities. This amendment was certified as approved by the Department on December 20, 2002.

On April 9, 2008, the Morris County Board of County Commissioners adopted an amendment to the County Plan, which proposed County Plan inclusion of:

- Waste Management of New Jersey, Inc. as the operator of the two MCMUA TS/MRFs, located in the Townships of Parsippany-Troy Hills and Mount Olive, respectively, for a period of five years beginning on January 27, 2008, based on an open and non-discriminatory procurement; and,
- Four solid waste transporters for the transportation of residual solid waste from the two MCMUA TS/MRFs to the ultimate disposal facilities for this solid waste; and,
- Six out-of-state disposal facilities as the ultimate disposal facilities for the residual solid waste received at the two MCMUA TS/MRFs.

This amendment to the County Plan was certified as approved by the Department on August 5, 2008.

On February 13, 2013, the County Commissioners adopted an amendment to the County Plan, which proposes County Plan inclusion of:

- The contract by and between the MCMUA and Mascaro for the combined operations of the two MCMUA TS/MRFs and the transportation and disposal of all solid waste received at the two MCMUA TS/MRFs, for a period of up to five years beginning on January 28, 2013, based on an open and non-discriminatory procurement; and,
- Three out-of-state landfills as the ultimate disposal facilities for the residual solid waste received at the two above noted MCMUA TS/MRFs.

This amendment to the County Plan was certified as approved by the Department on July 19, 2013.

Lastly, on March 9, 2016, the County Commissioners adopted an amendment to the County Plan, which proposed County Plan inclusion of:

- The contract by and between the MCMUA and Mascaro, for the operation of the two MCMUA TS/MRFs and the transportation and disposal of all solid waste received at the two MCMUA TS/MRFs, for a period of five years beginning on February 20, 2015, based on an open and non-discriminatory procurement; and,
- Three out-of-state landfills as the ultimate disposal facilities for the residual solid waste received at the two MCMUA TS/MRFs:
 - Commonwealth Environmental Systems Landfill, Hegins, PA
 - Keystone Landfill, Dunmore, PA
 - Pioneer Crossing Landfill, Exeter Township, PA; and,
- The direction (waste flow) of all solid waste generated within Morris County to the MCMUA TS/MRF in the Township of Parsippany-Troy Hills or the MCMUA TS/MRF in the Township of Mount Olive for the term of the above noted Contract.

This amendment to the County Plan was certified as approved by the Department on July 27, 2016.

Element: Non-Discriminatory Procurement Process

On February 21, 2020, the MCMUA advertised the issuance of bid specifications calling for receipt of bids for the operation of the MCMUA's two TS/MRFs and transportation and disposal of all solid waste received at the subject TS/MRFs in The Daily Record, the Star-Ledger, and Waste360 Daily Wire. Therefore, this procurement process was open to all bidders, regardless of geographical location. On June 11, 2020, the MCMUA received two bids. Mascaro was determined by the MCMUA and their technical and legal counsels to be the lowest responsible bidder fully in compliance with the subject bid specifications, bidding \$68.32 per ton for each year of the five (5) year contract.

C. Certification of the Morris County District Solid Waste Management Plan Amendment

In accordance with N.J.S.A. 13:1E-1 et seq., specifically N.J.S.A. 13:1E-21, which establishes specific requirements regarding the contents of the district solid waste management plans, I have reviewed the Amendment to the approved County Plan and certify to the County Commissioners that the Amendment is approved as further specified below.

The County Plan inclusion of:

- The contract by and between the MCMUA and Mascaro for the operation of the two MCMUA TS/MRFs and the transportation and disposal of all solid waste received at the two MCMUA TS/MRFs, for a period of five years beginning on August 5, 2020, based on an open and non-discriminatory procurement; and,
- Three out-of-state landfills as the ultimate disposal facilities for the residual solid waste received at the two above noted MCMUA TS/MRFs:
 - Commonwealth Environmental Systems Landfill, Hegins, PA
 - Keystone Landfill, Dunmore, PA
 - Pioneer Crossing Landfill, Exeter Township, PA; and,
- The direction (waste flow) of all solid waste generated within Morris County to the MCMUA TS/MRF in the Township of Parsippany-Troy Hills or the MCMUA TS/MRF in the Township of Mount Olive for the term of the above noted Contract.

D. Other Provisions Affecting the Plan Amendment

1. Certification to Proceed with Implementation of Amendment

This document shall serve as the Certification by the Department to the County Commissioners and pursuant to N.J.S.A. 13:1E-24c and f., the County Commissioners shall proceed with the implementation of the approved components of the Amendment certified herein.

2. Definitions

For the purpose of this Amendment and unless the context clearly requires a different meaning, the definitions of terms shall be the same as those found at N.J.S.A. 13:1E-3 and -99.12, N.J.A.C. 7:26-1.4 and -2.13, and N.J.A.C. 7:26A-1.3.

3. Effective Date of Amendment

The approved components of this Amendment shall take effect immediately.

4. Reservation of Authority

Nothing contained herein shall be construed as a limitation on any other action taken by the Department pursuant to its authority under the law. The County Plan, including any amendment made thereto, shall conform to the Statewide Solid Waste Management Plan, with appendices, which includes the Department's planning guidelines, rules, regulations, orders of the Department, and includes the compilation of individual county plans and amendments as they are approved.

E. Certification of Approval of the Amendment by the Department of Environmental Protection

In accordance with the requirements of N.J.S.A. 13:1E-1 et seq., I hereby approve the Amendment, as outlined in Section C. of this Certification, to the Morris County District Solid Waste Management Plan which was adopted by the Morris County Board of County Commissioners on January 13, 2021.
